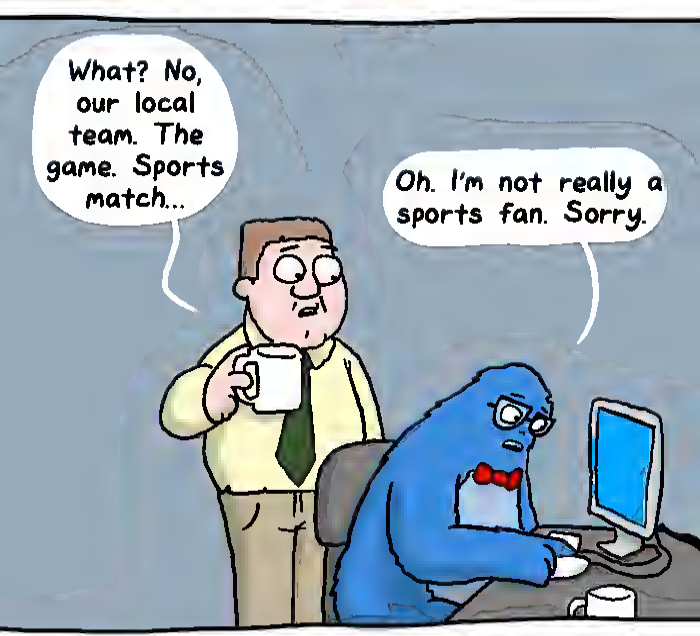
Lars

Can you believe the game last night? We are going to the playoffs for SURE!
Huh? No, I didn't watch it. Who's "we"? Are you on the team or something?



What? No, our local team. The game. Sports match...
Oh. I'm not really a sports fan. Sorry.

Not...sports... you don't... sports...?
I know that's difficult for you, seeing a male and not having a generic topic to bond over. Do you want to talk about the weather? Would that help?

It's gonna be a cold one!
See? There you go, big guy.
